**COMPASSVALE PRIMARY  
COMPASSION CLUB  
(CPCC)**

**COMmitted Parents AS Supporters In EducatiON**

**School Vision**

Soaring Individuals, Serving Citizens

**School Mission**

Nurturing Character, Enriching Lives

**CPCC's Vision**

**B**uilding an  
**O**pen and interactive  
**N**etwork for school, families and communities to  
**D**evelop a close partnership to enhance pupils' learning and core values.

**CPCC's Mission**

The Club seeks to build strong ties with the school and the community to enhance the pupils' passion for learning, imbuing in them a strong sense of moral and social responsibility with a desire to excel.

**CPCC's Focus and Direction**

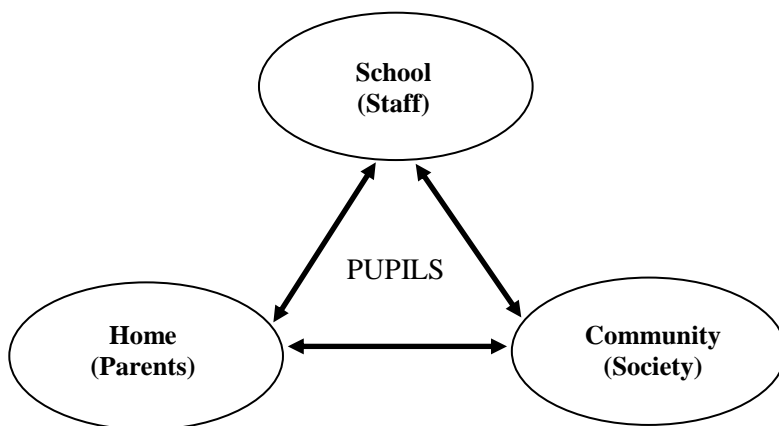

We, the Compassion Club Executive Committee, seek to:

- ✓ **S**upport the School's mission to nurture character and enrich the pupils' lives.
- ✓ **S**upply our time, energy and abilities to assist CVPS in its activities, so as to add value and enhance benefits to all pupils.
- ✓ **S**ynergise and reinforce the relationship among parents/ guardians, principal, teachers and the community.
- ✓ **S**harpener our own skills by equipping and upgrading ourselves with IT knowledge, good parenting skills and other skills relevant in today's context.

## CPCC's Objectives

1. To build a close partnership and establish a resource centre for parents by parents to serve and impact lives entrusted to them.
2. To enhance bonds amongst the school, families and communities by building trust and encouraging involvement to develop soaring individuals and serving citizens in the pupils.

## CPCC School-Home-Community Collaborative Model

1. The dark lines of the triangle represent strong bonds between our School (CVPS), parents and the community (neighbouring and wider).
2. Double-sided arrows underline the inter-dependency amongst the three parties. Our success factor is founded on continuous collaborations with one another.
3. The closed equilateral triangle underpins the strength, inter-dependency and relationship between the three groups. As this relationship strengthens and matures between two of the groups, it inevitably pulls the third in as well.
4. Pupils are our central and ultimate reason for all our collaborative programmes. Their character, social, intellectual, physical and emotional developments are the focus of our efforts.
