Dear Parents/Guardians,

Happy 2019! Our Compassvalites returned to an improved campus today as we believe the environment plays an important role in the education of young minds. You may notice new garden designs that have been developed to complement the Science curriculum. The improvements to the school are ongoing but will take place away from student activity areas or during weekends and school holidays.

Collaboration between home and school also plays an important part in the development of our Compassvalites. As we embark on our collaboration together, here are some items that need your attention:

1. Temperature-Taking Exercise, 2 - 8 January 2019

1.1 To provide a healthy environment for our students and staff, the school conducts temperature monitoring for a week at the start of every term. The temperature-taking exercise aims to inculcate self-care and social responsibility.

1.2 Please ensure that your child/ward brings along his/her Personal Health Care Kit to school. Kindly ensure that your child's/ward's oral digital thermometer is in working condition.

1.3 What Parents/Guardians Can Do: Before your child/ward leaves for school, you should take his/her temperature and look out for any symptoms of illness. If your child/ward is unwell, please seek medical attention and ensure that he/she is well before returning to school.

2. Verification of Particulars

We conduct an annual verification and update of students' data. You may have changed your contact information recently or as your child/ward grows, his/her medical information sometimes changes. We need accurate information to be able to contact you as well as to look after your child's/ward's well-being. Your child/ward will be issued a form with the information that we currently have. There would be instructions for you to confirm the information or provide updates. Please return the forms to the FTs by Friday, 11 January 2019.

3. School Values

The fact that we receive overwhelming support for our food donation drives every year tells us that you want to inculcate in your children the same values that we hold. We have adopted the following school values since 2018:

- Respect
- Responsibility
- Resilience
- Integrity
- Care
- Harmony

You may wish to engage your child/ward in regular discussions on how they can live the values to become Thinkers, Leaders and Champions.

4. Updates to School Rules and Regulations

4.1 Our School Rules and Regulations have been updated recently following a review to improve school processes. They can be found in the Student's Handbook which will be distributed to the Compassvalites. Please read them together with your child/ward and acknowledge on the relevant page.

4.2 You may wish to note that we now require name tags to be sewn onto PE shirts. This will facilitate student identification and be consistent with the school uniform. You may order additional name tags through the bookshop.

5. Canteen Prices

We would like to improve the quality and quantity of the food served in our canteen according to new guidelines. As such, the base price of the set meals in our canteen will be raised in Term 2 from \$1.00 to \$1.30. We will provide further information via our webpage and you may provide feedback via our PSG or Facebook message platform.

6. New Staff

We welcomed the following staff members who joined us recently:

- Mr Khoo Kay Peng (Adjunct Operations Manager)
- Mdm Nur Ain Mohd Jamil (Level Head, English Language)
- Mr Kenny Liao
- Mdm Wendy Lee
- Ms Fiona Seah
- Mdm Qu Yi
- Mr Muhammad Luqman Hakeem

Thank you for the support in 2018 and we look forward to your continued partnership in 2019.

Yours faithfully,

Mr Jeffrey Aw
Principal
